

Commodore "Eight-Bit Boosters"

April Newsletter

Volume 5

26 April 1995

Issue 4

The Commodore "Eight-Bit Boosters" meets monthly at the Beavercreek Library located at 3618 Dayton-Xenia road. The doors open at 6:30pm and the business meeting starts at 7:00pm. After a short business meeting there is a prepared program of general interest to Commodore 64/128 users. At its conclusion, members may enjoy various services such as the Public Domain Software Library. Visitors are always welcome and membership is open to the general public. The purpose of the "CEBB" is to help the Commodore 8 bit computer users enjoy learning more about their equipment. Membership Dues are \$16.00 per year. Visit one of our Meetings!

Meeting Place!

The meeting will be held on the 26th of April at the ERA Dockery Inc. Realtors Office located at 3365 Dayton-Xenia Road just four blocks east of the Beavercreek Library. This is the same location as last month. Thanks to President Rich Petrilla who has provided the space for this months meeting. The meeting for May is planned for the 31st. This will be discussed at the April meeting as to place and time. Please try to attend.

Video Tape!

I understand the video presentation of the "DeathBed Vigil" was very interesting. I am sorry that some of us missed it. I think that it will be available at this meeting for the ones wishing to see it. Phil Longo assured me that he would present it again upon request.

This Month's News

If it seems that your newsletter is getting smaller it's because of lack of input, participation, vacation, and other factors beyond the control of the Editor, and Treasurer. To have a successful letter we need articles, information and most of all more participation by you the membership. If you have any input, byte us.

Meeting Agenda

- 06:30pm Doors open.
- 07:00pm Business Meeting
- Officer Reports
- Old Business
- New Business
- Misc. Discussion
- 08:00pm Close Meeting (Approx. Time)

Die Schwarze Katze BBS

The Black Cat BBS (Wildcat) has had 660 Megs of ShareWare (CD-ROM) added for the memberships enjoyment. This service is free to all members in good standing. It will also be available to the Public for a nominal donation to defray operating cost. We will continue to add new CD-Rom's when needed. Color 64 Version 8.0 is still not operational. With summer comming and the need to get out it may be some time yet before it is operational. Image is still there for your enjoyment. We will continue to serve you the membership and to promote the use of Commodore here in the Dayton Area. Call (513)-237-0268 and enjoy!

Librarian's Disks

Don't forget to check with Phil Longo on the update to the library's game disk. He will be at the next meeting so if you need anything from the library please give him a call at 237-8768. This will make his job easier and faster for you if your order is called in before the meetings. Thanks.

"Hamvention 1995"

Don't forget that the end of this month April 28, 29, 30th is the biggest event in the Dayton, Ohio Area (and USA) happening at the Hara Arena. In last months newsletter I presented maps and a short article about it. It is the happening for all electronic nuts. You can spend all your hard earned cash in the first couple of rows in the flea market. If you are looking for the bargain, or one of a kind, you name it it will be there for the right price. Don't miss this event. It gets bigger, and better every year. I hope to see you there.

Black Cat.

Wanted Members!

Yes its true. There are wanted members out there that have not renewed their membership in the "Commodore Eight-Bit Boosters". There is still time to join in the pleasure of learning more about your computer. Yes we do support the others but Commodore is the one who started it. We would like it to continue on with your support. Attend one of the meetings. All are welcome.
